Latest News from State Purchasing

Jennifer Loretz

The State has awarded a new agreement to Tyler Technologies. Alabama Interactive/NIC will be a fulfillment supplier under this new agreement. NIC will have 360 days to complete the transition of existing services to the new contract. During the transition period, agencies will continue to use the emergency letter for any payments during this time.

As part of the new agreement, state agencies under the authority of the State Purchasing Director (Chief Procurement Officer as of 10/01/2022) are required to submit a requisition for approval prior to beginning any new services regardless of the fee structure. If your fee structure for existing services is set up where you receive invoices and make payments directly to NIC/Alabama Interactive, once you are transitioned to the new contract, you will be required to submit a requisition in Alabama Buys against the new contract.

New Contract: MA220000003314 - Citizen Engagement Platform (E-Government Services)
